PERFIL **TRW**

PIONEIRA NO DESENVOLVIMENTO E FABRICAÇÃO DE EQUIPAMENTOS DE SEGURANÇA AUTOMOTIVA EM TODO MUNDO, A TRW PRODUZ PEÇAS PARA MONTADORAS E PARA O MERCADO DE REPOSIÇÃO E APLICA AS MAIS AVANÇADAS TECNOLOGIAS PARA PROTEGER MOTORISTAS E PASSAGEIROS.

PENSAR EM SEGURANÇA AUTOMOTIVA É PENSAR EM TRW.

ES PIONERA EN EL DESARROLLO Y FABRICACIÓN DE EQUIPOS DE SEGURIDAD AUTOMOTRIZ EN TODO EL MUNDO PRODUCIENDO PIEZAS PARA LAS ENSAMBLADORAS Y PARA EL MERCADO DE REPUESTOS Y APLICA LAS MÁS AVANZADAS TECNOLOGÍAS PARA PROTEGER MOTORISTAS Y PASAJEROS.

PENSAR EN SEGURIDAD AUTOMOTRIZ ES PENSAR EN TRW.

PIONEER IN DEVELOPMENT AND MANUFACTURING OF AUTOMOTIVE SAFETY EQUIPMENTS WORLDWIDE, TRW SUPPLIES AUTO PARTS FOR CAR MANUFACTURERS AND FOR THE AFTERMARKET AND APPLIES THE MOST ADVANCED TECHNOLOGIES TO PROTECT DRIVERS AND PASSENGERS.

THINK SAFETY, THINK TRW.

UNIDADES TRW NA AMÉRICA DO SUL

Venezuela: válvulas de motores *(joint venture)*.

Minas Gerais

- Lavras (MG): sistemas de direção, volantes e cintos de segurança.
- Três Corações (MG): válvulas de motores.

São Paulo

- **Limeira, SP (sede no Brasil): sistemas de freio, sistemas de direção e suspensão, cintos de segurança, Divisão de Reposição.**
- Engenheiro Coelho (SP): fundição, componentes usinados e discos de freio.
- Santo André (SP): válvulas de motores.
- Diadema (SP): eletrônicos e elementos de fixação (painéis de instrumentos para motocicletas, travas de direção e interruptores de luzes de emergência, entre outros produtos).
- Taubaté (SP): SM Sistemas Modulares (joint venture).
- São Bernardo do Campo: ABC Sistemas e Módulos (joint venture).

LANÇAMENTOS E INFORMAÇÕES ATUALIZADAS? **ACESSE PELO SITE.**

1º PASSO

SITE TRW

Digite em seu navegador de internet o endereço www.trw.com.br acesse o link CATALOGO e depois clique em "download do Catálogo Eletrônico TRW".

2º PASSO

DOWNLOAD

Escolha a pasta em que deseja salvar o arquivo. Arquivos baixados diretamente do site TRW estão livres de vírus.

3º PASSO

INSTALE

Acesse a pasta em que salvou o arquivo de instalação do sistema. Clique duas vezes no arquivo "CatálogoEletrônico TRW.exe". Para instalar siga as instruções.

4º PASSO

ACESSE

Abra o programa através do ícone criado em sua área de trabalho chamado "Catálogo Eletrônico TRW" e faça a procura por código TRW.

Catálogo Eletrônico TRW
Atualização Online

Atualize sempre a base de dados clicando na opção "Atualizações" na página inicial do seu Catálogo Eletrônico.

Você tem a opção de fazer o download do catálogo atualizado em formato pdf.

Pense Segurança. Pense TRW.

LINHA DE PRODUTOS

O pacote de produtos de segurança Automotiva TRW é o mais completo do mercado, incluindo sistemas de freios e fluido para freios, sistemas de direção, suspensão, cintos de segurança, airbags, volantes de direção, válvulas de motores e componentes eletrônicos.

FLEXÍVEIS DE FREIO

Os tubos flexíveis para freio são uma extensão dos tubos rígidos (os caninhos) e conectam o cilindro mestre aos freios nas rodas, permitindo a passagem do fluido para freio sob pressão. Por serem de material emborrachado, permitem a movimentação do conjunto de suspensão e das rodas.

Os flexíveis são compostos por duas camadas de borracha e duas camadas de material sintético de alta tenacidade, que lhes dão resistência mecânica para suportar as altas pressões e ainda assim manter suas características originais.

No desenvolvimento, são realizados ensaios de resistência a tração, expansão volumétrica, resistência a pressão e durabilidade a quente.

O resultado é um flexível de altíssima qualidade, que suporta as mais variadas condições de temperatura e pressão. Tem ótima durabilidade e é imune à contaminação por agentes externos, como a água.

A TRW participa do desenvolvimento de avançados projetos da indústria automobilística e está presente na maioria dos veículos brasileiros e do mundo.

Pense Segurança. Pense TRW.

LÍNEA DE PRODUCTOS

El paquete de productos TRW es el mayor y más completo del mercado, incluyendo sistemas de dirección, suspensión, cinturón de seguridad, volantes, airbags, componentes de motores, componentes electrónicos, sistemas de freno y líquido para freno.

PRODUCTS RANGE

TRW products portfolio is the market's biggest and most complete, and includes brake system and brake fluid, steering system, suspension and linkage system, safety belts, steering wheels, airbags, motor components and electronic components.

FLEXIBLES DE FRENO

Los tubos flexibles para freno son una extensión de los tubos rígidos (las cañerías) y conectan el cilindro maestro a los frenos en las ruedas, permitiendo el pasaje del líquido para freno bajo presión. Por ser de material recubierto de goma permite el movimiento del conjunto de suspensión y de las ruedas.

Los flexibles están compuestos por dos capas de goma y dos capas de material sintético de alta resistencia, que le aportan resistencia mecánica para soportar las altas presiones y aún así mantiene sus características originales.

En el desarrollo, son realizados ensayos de resistencia a la tracción, expansión volumétrica, resistencia a la presión y durabilidad en caliente.

El resultado es un tubo flexible de altísima calidad, que soporta las más variadas condiciones de temperatura y presión. Tiene óptima durabilidad y está inmune a la contaminación por agentes externos como el agua.

Piense en Seguridad. Piense en TRW.

BRAKE HOSES

The brake hoses are an extension of the rigid piping and connect the master cylinder to the brakes systems at the wheels allowing the pressurized brake fluid to pass through them. As they are made from rubberized material, they allow the suspension and wheels assembly movement.

The hoses are compound by two rubber layers and two layers of high tenacity synthetic raw material, that give them mechanical strength to support high pressures and even so to keep their original features.

During the brake hose development process tension strength, volumetric expansion, compression and durability under high temperature tests are made.

The result is a hose of a very high quality that supports the most varied temperature and pressure conditions, has very good durability and is immune to outer agents contamination, such as water, for instance.

Think safety. Think TRW.

RECOMENDAÇÕES E CUIDADOS - FLEXÍVEIS PARA FREIO

Observe o flexível quanto ao ressecamento, desgastes ou falta de material. Preventivamente pode-se trocá-lo a cada cinco anos.

Troque sempre os dois flexíveis do mesmo eixo, mesmo que apenas um tenha apresentado problema, pois a durabilidade de ambos é aproximadamente igual. Assim você economiza na mão de obra.

Evite torcer o flexível no momento de sua instalação.

Aplique o torque de aperto correto, conforme o manual, garantindo a perfeita vedação.

Certifique-se da aplicação correta, pois comprimento diferente pode causar danos ao flexível com pouco tempo de uso.

Importante: Todas as imagens e figuras mostradas neste catálogo são meramente ilustrativas.

COMO USAR ESTE CATÁLOGO - FLEXÍVEIS PARA FREIO

Para proporcionar agilidade na consulta, os produtos estão organizados por montadoras e veículos.

Para localizar um produto, você precisa identificar a página da montadora no índice geral e em seguida o veículo no qual ele é aplicado.

Caso já tenha o código do produto e queira identificá-lo, basta verificar o índice de produtos que se encontra no início do catálogo,

em que é possível localizar a página que contém informações sobre ele.

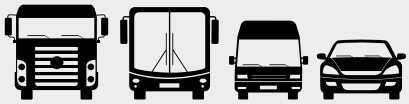

Flexível

Identifica as características do flexível.

TRW

Número TRW

É a identificação comercial TRW.

Veículo

Refere-se aos modelos de veículos em que podem ser aplicadas.

Nº

Número Original

Refere-se ao número original do fabricante.

Período

Estabelece o período de aplicação do flexível para o determinado veículo.

Posição

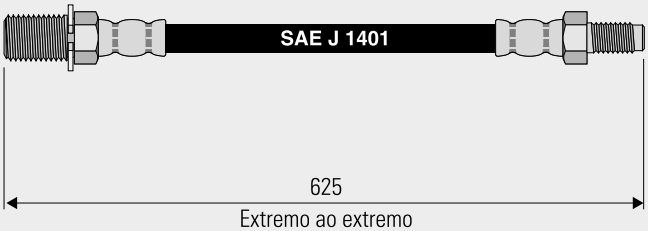

Estabelece em que lado e posição será aplicado o flexível.

Medida em milímetros

RECOMENDACIONES Y CUIDADOS - FLEXIBLES PARA FRENO

Observe si el tubo flexible está resecado, desgastado o con falta de material. Preventivamente los tubos flexibles pueden cambiarse cada cinco años.

Cambie siempre los dos tubos flexibles del mismo eje, incluso si solamente uno haya presentado problema, una vez que la durabilidad de ambos es aproximadamente igual. De esta manera usted economiza en la mano de obra.

Evite torcer el tubo flexible en el momento de su instalación.

Aplique el par de apriete correcto, conforme el manual, garantizando el perfecto sellado. Certifíquese de la aplicación correcta, ya que longitudes diferentes pueden causar daños al tubo flexible con poco tiempo de uso.

Importante: todas las imágenes y figuras mostradas en este catálogo son meramente ilustrativas. Este catálogo cancela todas las publicaciones anteriores.

COMO USAR ESTE CATÁLOGO - FLEXIBLES PARA FRENO

Para proporcionar agilidad en la consulta, los productos están organizados por ensambladora y vehículos.

Para localizar un producto usted necesita identificar la página de la ensambladora en el índice general y enseguida el vehículo en el cual será aplicado.

Si ya tiene el código del producto y desea identificarlo, basta verificar el índice de productos que se encuentra al final del catálogo, en el que es posible localizar la página que contiene informaciones sobre él.

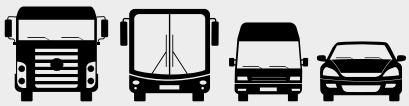

Flexible

Identifica las caracteristicas del flexible.

TRW

Número TRW

Es la identificación comercial TRW.

Vehículo

Indica los modelos de vehículos donde puedem ser aplicados.

Nº

Número Original

Indica el número original do fabricante.

Periodo

Estabelece el periodo de aplicación del flexible para el vehículo indicado.

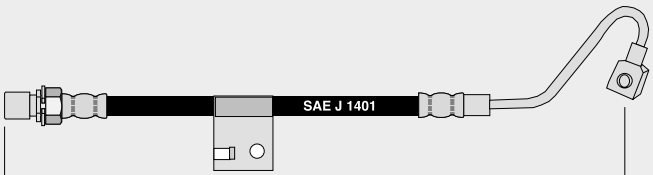

Posición

Indica el lado y en que posición será aplicado el flexible.

RECOMMENDATIONS AND CARES - BRAKE HOSES

Check the hose for dry, torn surface or missing parts. Preventively, it may be replaced every five years.

Always replace both hoses of the axle, even if only one has presented any problem, as the durability of both is almost equal. You will save labor proceeding this way.

Do not twist the hose when assembling.

Apply the correct tightening torque, according to the manual, therefore assuring a perfect sealing.

Be sure about the correct application, a wrong length may cause damages to the hose in a short time of use.

Important: All images and figures shown in this catalogue are merely illustrative. This catalogue cancels and supersedes all previous publications.

HOW TO USE THIS CATALOGUE - BRAKE HOSES

To speed up your look up, products are arranged per car makers and vehicles models.

If you need to find a product, you must identify the car maker page in the general index and then the vehicle model where it is applied.

Should you know the part number and would like to identify it, just check the products index at the beginning of this catalogue, where the page containing such product's information may be found.

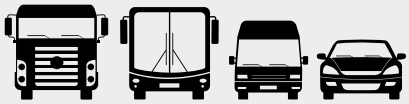

Brake Hoses

It identifies brake hose features.

TRW

TRW Part Number

It is TRW's commercial identification.

Vehicle

It refers to the vehicle models that use the product.

Nº

Original Part Number

It refers to the Original Equipment Code.

Year

Establishes the brake hose application period on a defined vehicle.

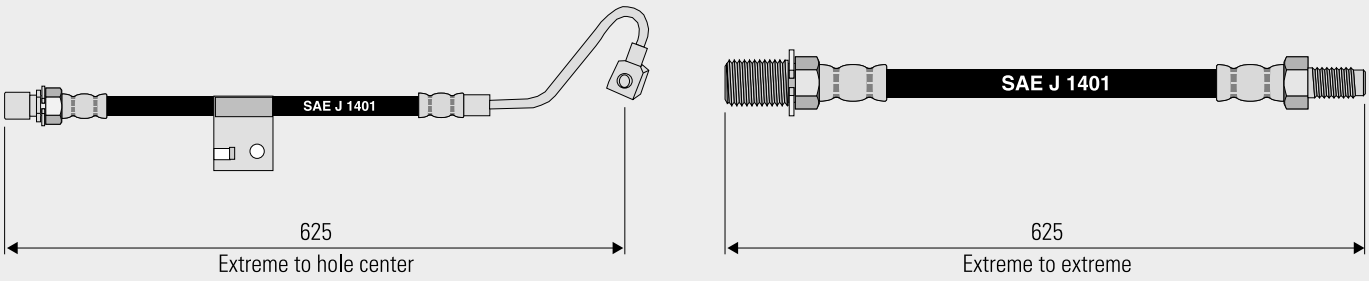

Position

Establishes side and axle where brake hose is assembled.
